What is Celebrate Recovery?

Celebrate Recovery is a Christ-centered and Bible-based 12 Step Recovery Program. The purpose is to focus on God's healing power through Jesus Christ while in fellowship with others. By working through the 12 Steps and the 8 Beatitude principles, small groups open up, share experiences, and explore hope. In this way hurting people become willing to accept God's grace in solving problems.

How Celebrate Recovery Works

This tried and proven recovery process combines the dynamics of small groups, sponsors, accountability partners, and special occasions for those struggling with addictions, obsessions, habits, co-dependency, childhood/

relationship hurts and other life experiences in our sinful world. Celebrate Recovery groups study, pray, share, and take the steps necessary to experience a better life in Jesus Christ.

Celebrate Recovery Is Successful

Celebrate Recovery is succeeding in churches world-wide. There are three reasons this approach is special:

- Jesus Christ is the true 'Higher Power'
- Small Groups are led by people who have been through recovery and are experiencing healing through Jesus Christ
- The principles and methods are based upon biblical truths.
